

# Energy Efficiency

# Transmission

<b>Title</b>	<b>Energy Transmission Efficiency</b>
<b>Technology deployment</b>	About new transmission technology higher efficiency and lower energy consumption and for the petrol engine new cycle more torque and less CO2. New transmission and new petrol engine technology
<b>Current status of technology</b>	Prototype available for demonstration
<b>Comments Regarding Stage of Development</b>	Finish product transmission and engine
<b>Possible client</b>	<b>Type and size of client:</b> <ul style="list-style-type: none"><li>• Industry &gt;500</li><li>• R&amp;D Institution<ul style="list-style-type: none"><li>• Any</li></ul></li></ul> <b>Language of communication:</b> English <b>Collaboration Details:</b> Factory or private company <b>Preferred Countries for Cooperation:</b> <ul style="list-style-type: none"><li>• EU</li><li>• USA</li><li>• Japan</li><li>• Etc.</li></ul>
