

Heat resistant recombinant catalase

Name of eco-innovation offer	Heat resistant recombinant catalase
Company / organisation	Comenius University Science Park
Country	Slovakia
Website	https://www.cusp.uniba.sk/
Description of required eco-innovation / solution / technology / resource / knowledge / product / service	Use of recombinant heat stable catalase for treatment of wastewater containing hydrogen peroxide
Preferred form(s) of cooperation, collaboration	development from prototype to final product
Language(s) of communication	Slovak , English
Contact at the company / organisation	Science Park, Comenius University, zdenko.levarski@uniba.sk
